

TECHNICAL DATA: S202-3 CARPET TAPE

Product Description:

S202-3 Carpet Tape is a pressure-sensitive tape with a synthetic rubber adhesive on both sides of a gauze fibre carrier and a release paper

Physical Properties:

Product Code	Test Method	#S202-3
Total Thickness	GB/7125-1999	280±5
Ball Tack	GB/4852-2002	≥25
180°peel adhesion to stainless steel	GB/2792-1998	≥35
Tensile Strength	GB/7753-1987	≥50
Elongation	-	-

Features:

- Colour: White, Yellow, Brown
- Meet RoHS Requirement

Application:

It is widely used in carpet fixing, wall decoration, metal object jointing short-term fixing, etc

Storage & Usage:

1. Tape jumbo rolls should be placed vertically in well packages and avoid being pressed against the glue surface
2. Clean and dry in a well-ventilated area, preferably at a temperature between 20°C and 30°C, away from direct sunlight, freeze and other heat sources
3. Tape should be used within 7months from the date of production
4. The surface must be clean and free from dust and grease

Note: All information and recommendations are given by us in good faith based on practical experience but without warranty. The user shall determine the suitability of the product and the method of application for each specific use
