

TECHNICAL DATA: PP STRAP

Product Description:

Polypropylene Strapping is made up of virgin, eco friendly & light density polypropylene raw material. The strap is most suitable for packing (sealing), reinforcing, and building through all types of box strapping machines.

Physical Properties:

Product Code	Standard	Unit
Width	6-19	mm
Thickness	0.5-1	mm
Weight	6	kg
Elongation	1	mm
Breaking strength	~126	kg

Features:

- Colour: White, yellow
- Water-resistant with high tensile strength

Application:

- Ideal for strapping and bundling boxes, pipes, rods and similar items

Storage & Usage:

1. 12 months when stored at 15-30 °C below 70% relative humidity out of direct sunlight
2. Surface to which the strap is applied must be clean, dry, free of grease, oil or other contaminants
